

SYRAF

Shipbuilding and
Marine Equipment

Main Switch Boards & Control Panels

Code:08-010-01

Technical Description

Panel Type	High Quality Low Voltage Switch Panel
Ingress Protection	IP 56
Ration Protection	IP 56
Paint Coat	Electro Static
Design	Engineering Design According to The Latest Maintenance
Efficiency	High Efficient and Low Dimension
Supply Grade	Best Quality Suppling from Word Well-Known Suppliers
Used Technique	Switchgear Assembling Using Innovation Techniques
Designed For	on/off Shore Oil , Gas and Marine Industry
Standards	Design and manufacturing approved by Major Classification Societies and Installation & Commissioning Process Carried Out Under ISO: 9001-2000
Description	Size , Dimension and Other Technical Specifications Will Be Done According to Customer Requirement & Related Standards
